Do's and Dont's when purchasing an investment property

Do's

- ✓ Purchase in an area/suburb that is experiencing population growth
- ✓ Purchase in an area where the infrastructure is increasing or improving
- ✓ Purchase a new building to maximise the tax benefits
- ✓ Purchase a property with off street parking. A double lock up garage is the ultimate parking/storage solution for any tenant.
- ✓ Purchase a property with a reasonable land component.

Dont's

- ✗ Purchase an older property unless it has some architectural significance or is in a highly sought after area where demand exceeds supply.
- ✗ Purchase a property via a third party such as a marketing company whose commission will be inflated into the price of the property.
- ✗ Purchase an investment property amongst other investment properties e.g. an apartment tower. In doing so you would be ignoring the basic economic principles of supply and demand.
- ✗ Purchase a 'landless' property, for it is the land that appreciates in value over time.
- ✗ Purchase a Strata Titled property. Owner corporation fees and maintenance contributions for common property are an unnecessary expense.
